

ADVENTURE KIDS

WORSHIP LEADER VISION

In addition to the Adventure Kid's Team Vision, the vision for the Children's Worship Leader is to develop and promote leaders within our ministry to facilitate the health, training, growth and unity of the Children's worship area.

WORSHIP TEAM LEADER ROLE

It is our belief at Life Church that Life Groups are essential for the body of Christ. This Worship Team Leader role can be likened to a Life Group leader within the Children's Ministry. As the Worship Leader for Children's ministry you oversee worship throughout all the children's room. Additionally, the Worship Team Leader will oversee the Clubhouse media team to ensure continuity between worship and media.

Expectations for Worship Team Leader are as follows:

- Build and maintain relationships with those serving on your team in order to increase unity and grasp skill levels of each person.
- Pray for your team and the children in your classroom.
- Assist with scheduling and scheduling conflicts.
- Assist with distribution of setlists.
- Hold worship practices to increase team rapport and skill.
- Maintain the continuity of our kid's services (i.e. "A" week is a similar service to "B" week).
- Set a Godly example both at church and through your daily life.
- Report to the K-5th Children's Coordinator on the condition of your team.
- There will NOT be an expectation to serve every Sunday or Wednesday.
- Establish worship setlists in each room for Wednesday & Sunday service.
- Ensure the necessary worship equipment is functioning and available to the team.
- Procure accurate lyrics for each worship song played on Sunday by the worship team.

ROOM OWNER RESULTS

The Children's Ministry team becomes a tight knit team with a strong support system for each other. In turn, we are more effective in our endeavor to help kids encounter God, grow in the Word and Spirit, and share their testimony with the world.
